

MicahOnTheMove

&

August 2020

During a time of prayer Keith had a picture of dominos in a row; in such a way that if you knock the first one they all tumble down. Often this speaks of not getting knocked over, but this case the warning from the Lord was that should not stand out of place otherwise it will prevent a smooth movement.

We must hold our position; which the Lord has given us and be ready to pass along the next move so that the work can flow smoothly.

Stay in your lane, at this time, and do what Jesus is telling you to do

We are very encouraged with what the Lord has been doing during this last month with the internet work.

Tuesday Thoughts has gone out each week and we have seen many views; also some positive feedback from viewers. This post is generally boosted in the United Kingdom and within a week we regularly see 1 -2,000 people watch a portion or all of the presentation.

Please pray for people who don't know Jesus to have:

Listening ears

Open hearts

Conviction of sin

A vision of God's glory

Changed Lives are testimonies that have been collected over the 20 years of Micah Mobile Ministries, and are now being read on a weekly basis. It's really encouraging how much people enjoy listening and reading other people's stories We are pleased to say that we have at least another 100 to go, and so that should keep us supplied for another couple of years at least.

Please pray for people who don't know Jesus to have:
Listening ears
Open hearts
Conviction of sin
A vision of God's glory

Who is Jesus is a weekly presentation of teaching through the life of Jesus using Mark's gospel. We have been further encouraged as the **Bravo** page on Facebook have been reposting these teachings to their group and therefore spreading the truth.

Please pray for people who don't know Jesus to have:
Listening ears
Open hearts
Conviction of sin
A vision of God's glory

#word4u is a daily chronological reading through the Bible in a year.

Lessons for Life is a monthly 'preach' which is boosted for 5 days to different countries in Africa, India, the Middle and Far East. On the last production in July there were 11,500+ 'hits' and over 100 'likes' and a number of people who went onto 'like' the page, and therefore receive further information.

Please pray for people who don't know Jesus to have:
Listening ears
Open hearts
Conviction of sin
A vision of God's glory

The most recent venture has been for us to go out and about in the area and film short sharing's which we have entitled **Thoughts from**

On posting them on the Micah pages we have been encouraged to have over 100 people look at these, and this has definitely included those who are not as yet Christians.

Please pray for these people to hear the truths that are shared and to have a conviction of sin as they journey towards meeting Jesus.

God bless you as we journey together in prayer and actions and as we seek to

'Reach others, where they are with the Good News of Jesus.'
