

Micah Mobile Ministries

and

December 2019

We have been so encouraged 😊 this month concerning the use of the training manuals.

We would like to share with the news of both the and the

Reaching Others manual.

Acts 1:8 Evangelism Training Manual

Please continue to pray for the group from Penzance Light and Life who are the first to go through the Reaching Others manuals, and the home group in St Austell Light and Life who are using the Reaching Others manual in their home group sessions.

We were further encouraged by a message from one of the people who have recently become a 'friend' on Facebook.

Good morning servant of God, I hope you are doing well I am also doing well.

I have got your link, may God bless you abundantly and expand your territories for the wonderful work you are doing spreading the word of God to reach people. I have down the manual for evangelism. I am learning a lot from the manual so that I can reach people in evangelism effectively since I work with youth in the church and women. This God have connected me with your ministry. Thanks and God bless you

Please pray for Jackson as he learns from the training manual and seeks to put it into practice, and as he works with the women and youth of his church
