Report back from the end of 2018

MMM completed the 10 week training course with approximately 20 people from Light and Life Church, Hayle. This was held in their centre, the Bridge. We were thrilled to receive the following two reports from two of the people on the course.

I am really enjoying the Evangelism course. Although evangelism isn't my gifting, I have learned so much about listening to the Holy Spirit.

Just wanted to say a huge thanks for Sunday, and the previous weeks. It was a long evening for Keith; talking for two hours and then ministry on top of it all as well. We greatly appreciate all you do and are doing, and it is a privilege to be alongside you and God as He builds this team of about 17 people together

Comments like these are so encouraging to us, and make us all the more ready to begin again with the next group of people.....
