Prayer and Newsletter November/December 2015

What is it like to be on a Bible Delivery Team?

We would like some of the folks from Burton to speak for themselves, and so here are some comments they made when asked that question.

Rose

Just One Touch from Jesus changes everything. Awesome, Amazing, Miracle Working God! On the streets of Burton.

We had heard the good reports following the work of giving a Bible to homes in other areas, but nothing prepared us for what we would see the Lord do in our own town.

After much personal prayer and preparation, we embarked on the Acts 1:8 training, and we took to the streets. As we partnered with Holy Spirit, Jesus revealed himself to the needy the right thing at the right time and we witnessed Jesus touching and transforming people's lives, with healing & restoration and salvations.

Why were we so amazed? Because Jesus showed His love on the streets. He is passionate for us and about us, and He is jealous for relationship with every person tribe tongue and Nation.

Howard

So many thanks yours! We appreciated all the investment you put in and I am sure it will bring much reward. A challenge for me to get back to the nitty gritty, where the rubber hits the road!

Di

My experience of praying for the evangelism was faith stretching as I heard how our prayers opened doors and God's timing was perfect. Amazing.

Sue

Appreciated seeing Keith at work on the doors, the power of our testimony is just amazing and he has encouraged me to use much more my personal experience of Jesus' goodness in the dark times.

Lorna

I would say that this process reconnected me with something that I used to do but with new revelation. Evangelism is going out as His beloved treasure, searching out more of His beloved treasure...the precious gold and gems of hearts that the King of Heaven yearns after. To partner with Him...what is not to like about that?

Chimmi

I saw God's hand at work. Many people opened up and received a bible or prayer etc. because God was in it.

Sue M

"So far I have only been out on the doors once with Keith but what an amazing time we had. God blessed us and The Holy Spirit directed us to the right houses and the right people.

It was very humbling to minister into two lives in the power of the Holy Spirit with words of healing and prophecy. To watch the change in a life as God gave words of Revelation and poured out His overwhelming Love was something beautiful to behold. Despite my initial trepidation I came back full of enthusiasm for the next time, a little tearful and a little weak at the knees.

We do thank God for all the wonderful things He has been doing in Burton, and we are grateful to Him for being able to partner with Him, and so many lovely people, in spreading the Good News.

**And so to India.....also thankfully
safely back from India!!!!!!!!!!!!!!**

Firstly may we thank you all for your prayer support of us and for us during our time there it was invaluable and for this we are so grateful.

As I write this newsletter we have only been back from India for two to three days, and the sights, smells, hopes and thoughts are sharp and raw in our emotions, not to mention body's and spirits.

Nothing can ever prepare a Westerner for going into an African or Indian village. Even with having gone to the Congo last year, the sights and sounds of India were as raw as the African visit last year.

The phrase which keeps playing through our minds, like on a continuous loop, is

I will live simply so that others may simply live!

And now it is important for us to view this thought in light of living in a Western country. For this reason we will leave the report on our Indian trip until we have had time to process the time there, and be able to give you a clear report.
