

Micah Mobile Ministries

Prayer and Newsletter

November 2018

Last month we asked you to for  the Trustees meeting, and we thank you for your prayers.

We believe God heard them, and answered them with insight, revelation  and wisdom.

A variety of truths were noted.

1. The Lord is opening many doors in Cornwall and the South West.

With **MMM** having planted much seed in these areas over 16 years it is noticeable that many openings to churches and venues, and opportunities to train and minister are now in these areas.

For all the areas where God is opening doors for **Micah Mobile Ministries** to train, equip and release people to reach others for Jesus, where they are.

2. This does not mean that **MMM** is not available to work in other areas of the UK or the world.

With the use of the internet many areas which were, at one time, many miles and hours of travel away are available at the touch of a  button.

For continued wisdom of knowing where to go, and when to visit in areas around the country.

3. The Trustees and the workers are very aware of the need to 'update' the Acts 1:8 Evangelism training manual and expand the work in the use of the internet.

For Keith and Pauline as they take the time to revise and reconstruct the Acts 1:8 Evangelism Training manual.

As the saying goes nothing is 'off the table', this includes the title, contents, format and structure.

Keith and Pauline are taking 10 days at the end of October and early November to begin this project.

Please pray for the right person/people/organisation to come alongside and bring their creative and internet skills to enhance the work begun and take things forward in God's perfect plan.

Lots to pray for there folks, and lots to give thanks for too!

We're really encouraged with the two training sessions which are taking place through the autumn.

There are people involved in many aspects of reaching out with the Good News of Jesus. People involved in producing bouquets of paper roses using pages from old Bibles to spread God's word in a very creative way; also people involved in reaching out to folks with addictions, through the Came to Believe course which brings the Good News of freedom in Jesus to addicts.

During a couple of the sessions one of the participants used their creative skill to produce the picture opposite of Keith and Pauline whilst they were teaching.
