Shared Lives.

Releasing

MMM is still actively involved in Bible Delivery, and are working with a team of Christians who are at present working with Keith and Pauline, but the aim is to see them beginning to work, as partners, together 'on the doors'. It has ever been **MMM's** desire to see people trained, and then seeing them function leaning on the Holy Spirit for their leading and guidance.

If the work of this ministry is to continue the Trustees and present workers are very aware of the need to be seeing the Lord send along someone/people to take the work forward.

Please be praying for someone with both a creative ability, and technological computer skills to take the work forward.

There is becoming a need to revamp the training manual to,

Train, Equip and Release

For people in this present age.
