

Prayer and Newsletter

Ready to start the work in Burton upon Trent

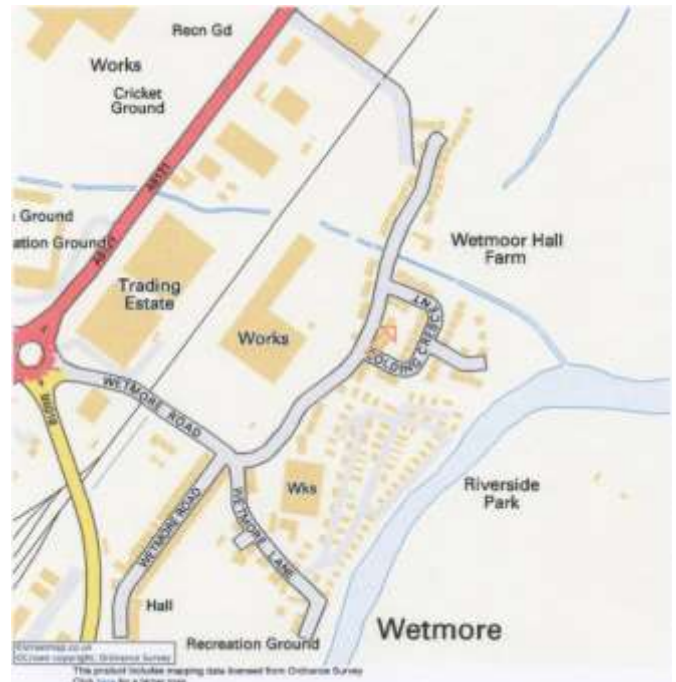

As many of you know, Keith and Pauline both came originally from Burton upon Trent, in the Midlands, and so it was with mixed emotions and feelings that in September this year they set off to work for two months with the church in Burton.

The leaders from the Kingdom Advance Network fellowship in Burton sought to open up the training to the wider church in Burton, and Alison from the TCC fellowship, Burton, joined the team working in the KAN building.

The above photo was taken in front of KAN's large map of the world and highlights the need to take the Good News of Jesus around the whole world. This news is for everyone not a privileged few in the rich western world.

The table in front of Keith and Pauline shows a display of some of the materials used by the teams, who are being trained to take the Good News into the Wetmore area of the town.

The large number of coloured leaflets on the left of the picture show just some of the testimonies the team has produced, ready to go and share their stories of meeting with Jesus. The 'elderly couple' in the middle being KnP!

Keith has taken 14 different people out with him in the first two weeks of delivery, and there are another six people waiting an appropriate time to be able to go and seek to share with the local people about the love of Jesus, and the abundant life He offers.

Pauline has been encouraged and blessed with the people who have come along to share in the prayer support, and this way the team has functioned together, and seen some good responses from the local people.

The Lord has told you what is good,
To do what is right, to love mercy,

and this is what He requires of you;
and to walk humbly with your God.

Preparation.

Each place the training takes place is very different, but it is great to see that in Burton, as in St Erth, Cirencester and other places the Micah team has gone; there has been prayer preparation. This 'tilling' of the ground makes the work into state of readiness.

The willingness of the team to turn out on a weekday evening, after they have finished work, and listen to the training has been such a blessing to KnP, and they trust to those who have listened, and hopefully learnt.

Results?

At the end of two weeks, 109 properties have been visited at least once. Of those 39 properties received Bibles and tracts, 6 received tracts but not Bibles, 7 refused everything and the others will receive further visits.

Many people received prayer over various situations and needs, some prayed and asked Jesus to forgive their sins and, either, come into, or come back into their lives.

BUT AS FOR THE RESULTS, ONLY JESUS KNOWS!

He keeps the Book of Life, we don't; only He knows what seed has been sown, and what watering has been done, and what will grow into eternal life.

Let us do what He has called us to do and, to quote an old song, LEAVE THE REST TO HIM!

Many people have asked us for the information re the Micah trip to India, and so we will give you as much as we know so far, for your prayers, and then anything more in the next newsletter before we go.
