

# Micah Mobile Ministries

and

## September 2019

It's great to be able to share the amazing ways that we believe God is leading **Micah Mobile Ministries**.

We've shared that, after Marazion is completed, we shall no longer be doing the door knocking,

and Bible Delivery.

We've also shared that we shall still be available to train, equip and release people into reaching out; using one of the two training manuals which **Micah Mobile Ministries** has produced.

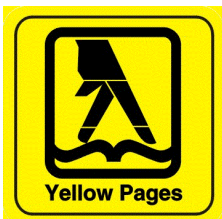

Acts 1:8 Evangelism, and Reaching Others

## And now the 'new thing'

For 2 years now Keith has been using various forms of social media, on the internet, to share the Good News of Jesus. As **MMM's** strap line says, **Reaching People Where They Are**.

We were reminded of the old Yellow Pages, phone book, advert which used to say 'Let your fingers do the walking'

We are excited with the opportunities that God has been showing us over the last few months, and grateful to Andrew Robinson, Paul Fenton and Victoria Hodgkinson for their input into our understanding and experience.

**Micah Mobile Ministries** can be found on the following social media platforms and we would be thrilled to see you follow what is happening through one or all of these opportunities

Either as the group,  
Micah Mobile Ministries Facebook  
OR the Facebook page  
Micah On The Move

Each week you can hear someone give a Gospel share for 10 to 15 minutes on **Thank God Its Friday**

The Twitter platform is mostly used to advertise the Thank God Its Friday presentation from its television arm, Periscope.

The Twitter account can be found at @MicahInfo, and Periscope at Micah MM

It is on these two platforms that **MMM** regularly has 1,500 – 2,000 views per week, with 100-200 people viewing a larger portion of the broadcast.

This is a mainly pictorial presentation page which is used by younger people as their preferred form of social media.

Instagram

It is possible to post pictures or 1 minute videos on this page and in that time to effectively share the Good News to the point where people's interest is raised, and the Holy Spirit can begin, or continue, the work He has already begun.

**MMM** is available on this platform as Micah On The Move.

**MMM** requests, and is aware of needing your prayer support even more than ever as we enter this arena.

We are not unmindful of the devil's use of these platforms to destroy lives, but taking up the Salvation Army's cry of 'Why should the devil have all the good music'.

We appreciate the possibilities, and opportunities that are ours; to reach to a lost and dying world and to put the Good News of Jesus into the hands of those who are permanently fixed to their mobile phones.

## Reaching People Where They Are
