

MicahOnTheMove

&

**September
2020**

It's a day of new beginnings.

We give thanks to God for the work of Micah Mobile Ministries from its beginning in 2001 until now.

During that time we have seen its logo change,

We have seen its Trustees (except Martin Senior) change.

We have seen its methods change.

BUT

**We have seen its reason for existence and purpose remain the same
To Reach People Where They Are**

That is to reach people who don't know Jesus with the Good News of Jesus, and to approach them where they are; not expecting them to come to where we are.

Now we are changing again,

From December the 31st 2020 Keith and Pauline will be retiring from the ministry of Micah Mobile Ministries, and they will be continuing the work of broadcasting on the various social media as

Micah Digital

We would like to take this opportunity to thank you for your support through the years of Micah Mobile Ministries, and to ask concerning the possibility of your future support of the new venture. It is very likely that Micah Mobile Ministries will close as a registered charity at the end of December 2020, and this is a decision the Trustees will make at the meeting at the end of October.

Keith and Pauline will continue the internet work as Micah Digital.

Keith and Pauline will happily continue to send you news and prayer requests through a monthly newsletter from January 2021, and should you wish to prayerfully or financially contribute to getting the gospel out through Micah Digital please contact them directly on their email address

knphorobin@yahoo.com

Micah Mobile Ministries' newsletter will continue up to, and including, the December 2020 edition, and during that time should you wish to discontinue the newsletter or begin receiving the new **Micah Digital** newsletter in January 2021 please contact us through this email address, micahmobileministries@outlook.com or Keith and Pauline's email address, knphorobin@yahoo.com to inform us of your decision.

Please be assured that Micah Mobile Ministries newsletter data base will be deleted as of January the 1st 2021.
